Azienda / *Company* —

Il fascino dello stile italiano si racconta nella nostra storia —

La differenza tra una maniglia e un semplice pezzo di ottone nasce nel 1986, quando Paolo e Danilo Cali, insieme a Mario Facchetti, fondarono la Linea Cali srl e iniziarono a trasformare delle semplici maniglie in ottone in complementi di arredo a tutti gli effetti.

Un'idea rischiosa ma lungimirante, che rivoluzionò il mondo della maniglieria e le permise di diventare una delle aziende di riferimento nella produzione di "maniglie di stile".

A oltre 35 anni dalla sua fondazione, Linea Cali continua a produrre in Italia seguendo la stessa filosofia, distinguendosi dalla concorrenza e rappresentando nel mondo il simbolo del lusso Made in Italy.

Ora l'azienda guarda al futuro con entusiasmo e fiducia, perché fino a quando le porte non si apriranno con il pensiero... sogneranno sempre una maniglia Linea Cali.

The difference between a handle and a simple piece of brass was born in 1986, when Paolo and Danilo Cali, together with Mario Facchetti, founded the Linea Cali srl and began to transform simple brass handles into furnishing accessories for all purposes.

A risky but far-sighted idea, which revolutionized the world of handles and allowed it to become one of the leading companies in the production of "style handles".

More than 35 years after its foundation, Linea Cali continues to produce in Italy following the same philosophy, distinguishing itself from the competition and representing the symbol of Made in Italy luxury in the world.

Now the company looks to the future with enthusiasm and trust, because as long as the doors will not be operated telepathically... they'll all still dream of a Linea Cali handle.

Showroom —

Linea Cali è pronta a ricevervi nel nuovo showroom, un openspace di oltre 130 mq che occupa il terzo piano della palazzina direzionale.

Il nuovo allestimento segue l'evoluzione dell'azienda che si rivolge sempre più a un pubblico ricercato e sofisticato.

Per prenotare una visita potete scrivere a info@lineacali.it.

Linea Cali is ready to welcome you to its new showroom, an open space of over 130 square meters that occupies the third floor of the executive building.

This new appointment follows the evolution of the company, which is increasingly aimed at a more refined and sophisticated target market.

To book a visit you can contact us at info@lineacali.it.

Produciamo maniglie, in Italia —

Linea Cali è orgogliosa di garantire la produzione italiana di tutti i prodotti nel rispetto delle più recenti normative Europee.

A riprova di ciò ogni articolo che supera con esito positivo i numerosi test di laboratorio, viene "firmato" con il marchio Linea Cali che ne attesta l'autenticità, garantendo così al cliente l'acquisto di una maniglia di alta qualità interamente prodotta in Italia.

Linea Cali is proud to guarantee the Italian production of all its products in compliance with the recent European regulations.

As proof of this, each item that successfully passes numerous laboratory tests is "signed" with the Linea Cali brand which certifies its authenticity, thus guaranteeing the customer the purchase of a high quality handle entirely produced in Italy.

Prodotti di qualità che resistono alle mode e al tempo che passa —

Linea Cali ha ottenuto la certificazione EN 1906:2012, la norma europea che classifica maniglie per porte e finestre assegnando precisi indicatori di qualità.

Sottoposte a test dalla durata ininterrotta di 240 ore e a oltre 100.000 cicli di prova, le maniglie di Linea Cali sono risultate estremamente resistenti alla corrosione e con prestazioni garantite per lunghi anni:

- 5 anni per le finiture cromo lucido o cromo satinato;
- 10 anni se trattate con procedimento PVD.

Per quanto riguarda la resistenza alla corrosione, le maniglie della Linea Cali si sono posizionate sul più alto gradino della scala di valore: la Classe 4.

Linea Cali has obtained the EN 1906:2012 certification, the European standard that classifies door and window handles by assigning precise quality indicators.

Tested for an uninterrupted duration of 240 hours and over 100,000 cycles, the Linea Cali handles are extremely resistant to corrosion and with guaranteed performance for many years:

- *5 years for the polished chrome and satin chrome finishes;*
- *10 years if treated with PVD procedure.*

With regard to corrosion resistance, the Linea Cali handles were positioned on the highest step of the value scale: Class 4.

Sistema di bloccaggio ultrarapido Click-Clack —

L'innovativo sistema Click-Clack mette al riparo da danni e situazioni spiacevoli impedendo alla maniglia di sfilarsi qualora il grano di fissaggio dovesse allentarsi col tempo.

Per far scattare il sistema di bloccaggio basta semplicemente infilare l'impugnatura sul ferro quadro. Per rimuoverla, dopo aver allentato il grano di fissaggio, basta premere sul tastino situato nella parte inferiore della rosetta.

Il sistema Click-Clack è inoltre una dimostrazione dell'impegno che Linea Cali dedica per garantire ai suoi clienti affidabilità e sicurezza.

The innovative Click-Clack system protects against damage and unpleasant situations, preventing the handle from coming off if the fixing scrub loosens over time.

To trigger the locking system, simply insert the handle onto the square iron. To remove it, after loosening the fixing grub screw, simply press on the knob located at the bottom of the rose.

The Click-Clack system is also a demonstration of the commitment that Linea Cali dedicates to guaranteeing its customers reliability and safety.

Sistema invisibile anti intrusione SmartBlock —

Capita sempre più di frequente che i ladri entrino nelle abitazioni praticando un foro nei serramenti e facendo leva sulla maniglia con un attrezzo particolare (ferro dalla punta girevole).

Con SmartBlock questo è impossibile perché il sistema invisibile blocca la maniglia impedendo ai ladri di entrare.

Affidabile e sicuro perché costruito senza componenti meccaniche che potrebbero usurarsi, si aziona in automatico ogni volta che si chiude la finestra o si mette nella posizione a ribalta (vasistas).

It happens more and more frequently that thieves enter homes by drilling a hole in the window frames and leveraging the handle with a special tool (iron with a swivel tip).

With SmartBlock this is impossible because the invisible system locks the handle preventing thieves from entering.

Reliable and safe because it is built without mechanical components that could wear out, it is operated automatically every time you close the window or put it in the tilting position.

Oggetti del desiderio che brillano in ogni ambiente —

Grazie all'esperienza pluriennale nel mondo del lusso, Linea Cali è stata una delle prime aziende al mondo a percepire la necessità di caratterizzare le abitazioni con complementi di arredo sempre più particolari ed esclusivi.

Iniziò così a trasformare un oggetto di uso comune, la maniglia, in un gioiello prezioso dalle mille sfaccettature impreziosendola con cristalli Swarovski®.

Oggi, dopo oltre 25 anni dal lancio del primo modello, le collezioni Crystal di Linea Cali risplendono negli ambienti più esclusivi rappresentando l'emblema del lusso contemporaneo.

Thanks to its many years of experience in the world of luxury, Linea Cali was one of the first companies in the world to perceive the need to characterize homes with increasingly special and exclusive furnishing accessories.

He thus began to transform an everyday object, the handle, into a precious jewel with a thousand facets embellishing it with Swarovski® crystals.

Today, more than 25 years after the launch of the first model, the Linea Cali Crystal collections shine in the most exclusive environments, representing the emblem of contemporary luxury.

Il maniglione per porte mantiene gli stessi stilemi che hanno reso questa collezione unica nel suo genere, e cioè la forma ellissoidale dell'impugnatura che tende ad avvitarsi su se stessa definendo un comodo appoggio e creando una sorta di invito alla mano.

The pull handle for doors maintains the same stylistic features that made this collection unique, namely the ellipsoidal shape of the handgrip that tends to twist giving it a comfortable support and creating a sort of invitation to the hand.

Slim Pelle _

Il gioco di forme e volumi differenti dal sapore particolarmente moderno viene reso più classico grazie all'impugnatura rivestita in vera pelle italiana, naturale espressione della lavorazione artistica del pellame.

A combination of diverse forms and volumes with a particularly modern flavour is given a classical touch thanks to the handgrip in real Italian leather, a natural expression of the artistic handcrafting of leather.

Cosmic —

Il concetto di maniglia classica è riletto in chiave moderna e arricchito da dettagli contemporanei come il ricciolo dell'impugnatura di forma squisitamente circolare.

The conventional handle is given a modern twist and enhanced with contemporary details such as the curl of the hand grip with the delightfully rounded shape.

Particolarmente interessante è la maniglia su placca, interamente decorata con finissimi arabeschi floreali; questo si evince dai poetici motivi floreali che incorniciano il foro che ospita il cilindro della serratura.

The handle on the plate that is entirely decorated is of particular interest with a fine floral arabesque; this is clear from the poetic floral motifs that frame the hole that houses the lock cylinder.

Il minimo comun denominatore di questa collezione sono i preziosi fregi Art Nouveau che la contraddistinguono grazie a un'accentuata eleganza decorativa e da linee dolci e sinuose che si intrecciano armoniosamente.

The minimum common denominator of this collection are the precious Art Nouveau friezes that distinguish it by an accentuated decorative elegance and by sweet and sinuous lines that intertwine harmoniously.

Nature _

Lo stile Liberty, privilegio delle più alte classi sociali di un tempo, è qui rappresentato in un trionfo di nervature filiformi di chiara ispirazione vegetale.

The Liberty style, a privilege for the highest social classes of the past, is represented here in a triumph of filiform ribs, clearly inspired by nature.

Soleil —

La sontuosità e i fasti del Re Sole vengono evocati da raffinatissimi rilievi ornamentali in stile Luigi XIV, ottenuti grazie alla tecnica dell'intarsio del quale ne era maestro l'ebanista francese André-Charles Boulle.

The wealth and magnificence of the Sun King are evoked by refined ornamental embossments in the Louis XIV style, obtained thanks to the inlay technique of which the French cabinet-maker André-Charles Boulle was a master.

Sostenibilità / *Sustainability*

Il marchio FSC® identifica che questo catalogo è stato stampato su carta contenente legno proveniente da foreste gestite in maniera corretta e responsabile secondo rigorosi standard ambientali, sociali ed economici. La foresta di origine è stata controllata e valutata in maniera indipendente in conformità a questi standard (principi e criteri di buona gestione forestale), stabiliti ed approvati dal Forest Stewardship Council® a.c. tramite la partecipazione e il consenso delle parti interessate.

The FSC® label means the paper in this catalog has been made with wood coming from forests managed in a correct and responsible way, following strict environmental, social and economic standards. The forest of provenance has been controlled and evaluated independently in accordance with specific standards (principles and criteria of good forest management), established and approved by the Forest Stewardship Council® through the participation and consent of the interested parties.
